EARTHING PLATE

PMT23960

Material characteristics

Nomenclature: Steel AISI 304
Tensile breaking load R_m (N/mm²): 242.5;
Elastic limit $R_p 0.2$ (N/mm²): 272;
Elongation at break $L_{o=80mm}$: 61.5
Hardness HRB: 77;
Chemical composition verified as per UNI EN 573-3

Technical characteristics

Nominal thickness: 5/6 mm;
Sold in 10-part kits.
